The great population conflict.

The great population conflict had passed its initial stages before its significance was realized. The old Colonial tamily stock has long since lost its ascendance and full take the progress for several generations. Not until recently, however, did it take the form of a crisis. The end seems to be approaching rapidly. It promises to leave residential Manhattan in complete possession of the immigrant hordes.

Residential Manhattan in future years, according to the views of real estates students, is destined to the immigrant hordes.

In response to the demand for new home-sites away from struggling Manhattan, the past week saw movements in popular suburban centres.

Long Island is in the midst of a land speculation which makes fortunes over night. As an instance, a well-known Manhattan broker went to Mineola last Sunday to get a country place for the summer. He saw an attractive acreage parcel for sale and got a 60-day option on it for a small price. As he was boarding the train for home a Brooklyn broker rushed after him. Before the train had reached Long Island City the Brooklyn man had paid the Manhattan broker \$1,000 cash for his option.

SIMPLE HERBS AS REMEDIES.

WONDERFUL CURES REPORTED IN GERMANY.

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous inorganic medicines has been revived very widely of late. In Germany a new school of physicians has arisen, which throws out almost the whole of the pharmacopeia and relies on an adaptation of the methods of wild animals in curing themselves. Somewhat similar systems have arisen in large numbers in America, and they are daily adding to their adherents. While Up along Grand street, Jersey City, the chief feature of the Nature treatment is the use of water, heat, cold and light, a few simple roots are used as medicines with very interesting results .-

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., who first advocated the extended use of some of our native roots, Golden Seal, for instance—which was only taken up within the last decade and recommended to Allopathic Physicians by Dr. Bartholow, has been the chief ingredient in Dr. Pierce's Golden Medical Discovery for forty years.

So much has been written by the standard medical authorities, of all the several schools of practice, in praise of the native, or American, medicinal plants which enter into the composition of Dr. Pierce's Golden Medical Discovery, that in attempting to quote from the various works on Materia Medica one

They desired to make alterations, and ordered Mr. Murphy and Mr. Becka, out. Following the ocder they took off the roofs of the three houses of April 2.

April 12 it rained. The rain man went at his job with enthusiasm and celat. According to Mr. Murphy, there was in his place. He beat it for the thing the following the order was in his place. He beat it for the clear.

The case is to come up before Judge Carriok on May 8.

Ingwood extol the Hydrastis (Golden Seal), as a remedy for catarrhal diseases of the masal passages, stomach, bronchia, gall ducts, kidneys, intestines and bladder.

Among these, we may mention Prof. John King, M. D., author of the American Dispensatory; Prof. J. M. Scudder, M. D., in his "Specific Medication"; Dr. Hale of the Hahnemann Medical College of Chicago; Grover Coe, M. D., of New York, in his "Organic Medical College and scores of other leading medical writers and teachers.

All the foregoing eminent authorities extol the curative virtues of Golden Seal in cases of stomach, liver and intestinal weakness of atonic dyspepsia when the entire apparatus, including the liver, is stagnant and inoperative." He also extols it most highly in the many weaknesses and derangements peculiar to women and says, "It is a most important remedy in many disorders of the womb."
